

# RULES OF CONDUCT

## LÅNGASJÖNÄS CAMPING & HOLIDAY VILLAGE

### *At Långasjönäs it should be quiet & pleasant for all guests*

- Show consideration to other guests, think about your neighbors and do not disturb the peace in the area
- From 23.00 – 07.00, it should be quiet on the campsite.
- Preferably no music on site (otherwise only in your own caravan/camper, not audible to the neighbors)
- Dog owners are asked to show the utmost consideration for the other guests. Keep your dog on a leash and let them out outside the area.
- Keep the area around your cabin or camping place organized and clean.
- Do not do anything that can be offensive to other camping guests or would in any other way go against the general rules of good conduct (making noise, using abusive verbal language, urinating on the camping property, disturbing other guests, and so on)

### *Fire Safety*

- Open fire is allowed around the cottages, but on the camping area open fire is forbidden. However, there are several public fire/barbecue places in the camping area, which can be used.
- Caution should be taken when making a fire. Keep open fire small, far away from the house and always have a bucket of water nearby. This bucket of water is later used to extinguish the fire, when you leave the fire place (e.g. when you are going to bed).
- In extremely dry weather conditions, open fire is forbidden.
- Grilling is allowed throughout the area, but never directly on the lawn. Always keep enough distance between the ground and the grill.
- Warm charcoal should first be cooled down (overnight). The next day you can collect it in a plastic bag and dispose it in the rest waste bin at one of our recycling stations. If you have warm charcoal you want to get rid of, you can leave it in the metal charcoal bin which can be found at each recycle station.

### *Cars*

- Always drive at walking speed on the campsite and as little as possible!
- Only one car per campsite/per cabin is allowed. Any more cars can be parked on the parking lot at the entrance of the camping.
- Cottages: Park your car on one of the parking spaces, not on the grass surfaces.
- If you have visitors, they are welcome, but they are not allowed to drive in with their cars. They should always park their cars on the main parking outside the camping area.
- Car wash is not allowed within the camping & holiday village area.

### *Garbage Disposal*

- Garbage and other waste has to be separated according to the sorting guide! It is very important that this is done right! Please take this very serious: plastic with plastic, metal with metal, food waste with food waste, and so on! Help us to avoid a lot of extra work in sorting your garbage and help the environment. Our recycling stations have recycling for: food waste, plastics, paper, cardboard packaging, metal and glass. Other wastes are disposed as rest waste. Faulty lamps and empty batteries you can leave at the reception.

- Food waste may only be collected in (paper) food waste bags, which can be found in each cabin, in the kitchen of the service-building and at the reception. Never ever collect food waste in plastic bags!!!

### *General Camping Policies*

- Own fixed devices, wooden decks, fences around tent/caravan/camper are not permitted without the owner's approval. If you doubt, ask first.
- Waste water must be stored in closed containers and should be emptied on the long side of the service building at the designated location.
- Fixed tanks (campers) can be emptied next to the entrance of the camping/besides the service building on the designated concrete floor for campers.
- Own boats, canoes, or surfboards may not be placed within the bathing area.
- Help the children find places suitable for play and ball games. To kick/throw balls, frisbees or similar among caravans/tents is not allowed.
- It is not allowed to use your access card to let non-camping guests come in on the camping area with their car or into the service building.
- Take care of nature! Do not destroy trees, shrubs or other plants.
- The following rules – issued by the fire department authorities – are to be observed:
  - 1) Place the caravan's tow bar out towards the road.
  - 2) hold at least 4 meters between a neighboring caravan / mobile home / tent.
  - 3) put your caravan / camper / tent at least 2 meters from your camping place border.
